We Care

care packages for homeless

Our blessings are meant to share with others. There are many underprivileged people who live on the street shiver through the cold winter nights. Vancouver is an expensive city to live in, but if we can save up some coffee money here and there, every one of us is able to help them out a little bit.

WE CARE is a campaign aimed to care for the underprivileged people. It is initiated by Salt Seventy Seven in partnership with MT12 Church and VCLC Church.

Our first project is to create care packages for the homeless in Vancouver Downtown Eastside and Surrey Whalley. Many organizations tend to provide for the homeless during the Christmas season. However, they are often overlooked after the New Year. That is why we are planning to hand out our care packages to show the people love and support in early February 2018.

“The King will reply, ‘Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me.’”

– Matthew 25:40

Ways to support

1. **Prayer** – You can pray for the preparation and coordination of the community outreach. Pray for the homeless people out in the cold during this winter season. Pray for their safety and health. Pray for all the non-profit organizations and the helpers. Pray for the coming together of volunteers, guidance and wisdom to have a positive impact in our local community.

2. **Financial Contribution** - You can financially support this community service by donating funds to help purchase the items for care packages. Each care package is estimated at a cost of \$10. If you are writing a cheque, please have it payable to: "C-District Enterprises Inc." Please note that tax receipts are not available for this event.

3. **Participation** – You can come join us and experience the journey together on February 10, 2018.
